

**THEMATIC AND CALENDAR PLAN BY  
PATHOLOGICAL PHYSIOLOGY  
for the 2nd year students of the foreign faculty  
to the autumn semester of the 2014-2015 year**

*Thematic plan of lectures*

<b>№ п/п</b>	<b>Themes of lectures</b>	<b>Hours</b>	<b>Data</b>
1.	Introduction into pathophysiology. Pathophysiology of the peripheral blood circulation	2	1.09
2.	Inflammation. Hypoxia	2	15.09
3.	Allergy. Fever	2	29.09
4.	Disturbances of carbohydrate exchange. Disturbances of fatty exchange and exchange of proteins	2	13.10
5.	Pathological physiology of tissue growth	1	29.10
<b>TOGETHER:</b>		<b>9</b>	

*Thematic plan of laboratory employments*

<b>№ п/п</b>	<b>Themes of lectures</b>	<b>Data</b>	<b>Marks</b>
1.	Introductory employment. General etiology and pathogenesis. Studies about illness. Damage of cells	01.09-13.09	3-5
2.	Local disorders of blood circulation	15.09-26.09	3-5
3.	Inflammation. Disturbances of phagocytosis	29.09-10.10	3-5
4.	Fever	13.10-24.10	3-5
	Hypoxia		
5.	Allergy	27.10-07.11	3-5
	Module control 1		6-10
6.	Pathophysiology of carbohydrate exchange. Diabetes mellitus	10.11-21.11	3-5
7.	Pathophysiology of albuminous exchange. Pathophysiology of fatty exchange	24.11-06.12	3-5
8.	Pathophysiology of tissue growth. Tumours	08.12-15.12	3-5
	Module control 2		6-10
9.	<i>Final module control</i>	22.12-31.12	24-40
<b>TOGETHER:</b>			<b>60-100</b>

Head of department Pathophysiology  
d.m.s., prof.

N.M. Kononenko
